

RECYCLING NOTICE

The Director of Public Works is responsible for enforcing the City of Hartford's recycling Ordinance. The goal of the City's Compliance Assurance Plan is not to punish code violators, but rather to improve compliance through effective enforcement strategies.

Residents DO NOT need to separate cardboard and paper recycling items from glass, plastic, metal and aluminum items in Advanced Disposal Recycling Carts curbside.

DO NOT place your recycling cart directly next to your garbage containers or other objects, such as a light pole, which would impede the mechanism that lifts the carts.

READ/SAVE THE BROCHURE THE CITY MAILS TO YOU EACH JANUARY AND FOLLOW CITY RECYCLING RULES AND REQUIREMENTS. It is most helpful if you keep the Brochure on your refrigerator with a magnet so you can easily refer to it when needed.
